Our reception class is for children starting their learning journey at Kelvin Road School. In the reception classroom the children are learning foundational learning skills such as, how to hold their pencils correctly, write their names, learn letter sounds, develop concepts about print (reading) and important social skills such as how to be a kind friend. They are also learning the school values and how to be Kind, Respectful and Safe at school. Most importantly they are developing a love of school as soon as they start!
